

SATHICK BATCHA S

Frontend Developer

Al Quoz, Dubai,
United Arab Emirates - 28005
(971) 542734903
sathickbatcha71@gmail.com

Experienced ReactJS and ReactNative developer with a performance-focused approach, adept at developing and maintaining high-performance, scalable web and mobile applications for over 4 years.

EXPERIENCE:

JUNIOR FRONTEND DEVELOPER INTERN (REACT), (SG Velunig Pvt Ltd)

Sep 2018 - Dec 2019

- Proficient Junior React.js developer with In-depth knowledge of using React components, forms, events, keys, routers, Redux, animations, and Flux concepts to build Responsive web pages.

FRONTEND DEVELOPER (REACT), (CODEONGO Pvt Ltd)

Feb 2020 - Nov 2022

- Experienced React.js developer with a strong focus on e-commerce projects and ERP-related Commercial Projects, utilizing Redux for state management and integrating payment gateways for seamless transactions.

PROJECTS:

E-Commerce Website

Website Link: <http://www.henbenaturalsindia.in/>

- Developed an e-commerce website called HenbeNaturals using HTML, CSS, Bootstrap, and ReactJs. Integrated Razorpay payment gateway into the website, ensuring secure and reliable payment processing for customers.
- Managed the order flow of the website, ensuring a smooth and efficient checkout process. Collaborated with the design team to create an engaging and user-friendly website. Maintained website functionality and made updates as necessary.

Mobile Sales System

- Sales REP & Inventory Management Tool, It empowers sales personnel through its interactions with customers, improves professionalism, and shortens sales cycles by enabling them to create Sales Orders and Invoices anytime, anywhere with integral information on warehouse receiving, stock taking, customer credit information, and inventory level.

Inventory Management App

- Developed an inventory management app in React Native that allows users to track inventory levels, manage stock movements, and receive real-time alerts on low stock levels. The app includes a user-friendly interface that allows users to easily add, update, and delete products, view inventory levels across multiple locations, and generate custom reports on inventory levels, sales trends, and product performance.

Mobile Shop Manager

Play Store: <https://play.google.com/store/apps/details?id=com.shopmanager.fruitionsoft>

- The Shop Manager application is a mobile app designed to help manage the day-to-day operations of a mobile shop. It can manage invoices and job cards, allowing for more efficient record-keeping and easier management of the shop's activities.
- With the Shop Manager app, you can easily create and manage invoices for each sale made at your shop. The app allows you to input customer information, product details, and prices and also generate an invoice that you can either print out or email to the customer.
- The app also allows you to create and manage job cards for repairs or other services your shop provides. You can input the customer's information, the problem with the device, and any other relevant details. The app will then generate a job card that can be used to track the progress of the repair or service.

FREELANCING PROJECTS:

Alt Pay

Play Store: <https://play.google.com/store/apps/details?id=com.altminds>

- Accomplished software developer with expertise in developing payroll systems with advanced features such as face recognition attendance and payroll processing for clients in India and Singapore.

Namma Ariyalur

Play Store: <https://play.google.com/store/apps/details?id=nammaariyalur.in>
